Litigation & Dispute Resolution

We represent our clients from the first step in the case to the enforcement of its judgment, and we begin before that by assessing the position and the shortest route to the right: settlement, arbitration or a claim.

LEGAL BASIS

Commercial Courts Law

Royal Decree No. (M/93) dated 15/08/1441 AH

Our services include

1. **Litigation before the courts**
   Commercial, general and labour courts and the courts of appeal.
2. **Challenging judgments**
   Appeal, cassation and petitions for reconsideration.
3. **Commercial arbitration**
   Drafting the clause, representing parties, annulment and enforcement actions.
4. **Amicable settlement and mediation**
   Before and during litigation.
5. **Labour disputes**
   From amicable settlement to the labour court.
6. **Enforcement and debt recovery**
   Before the enforcement courts.
7. **Judicial and quasi-judicial committees**
   Across the Kingdom.

IN BRIEF

A commercial claim is not heard after five years from the date the right arose, unless the defendant acknowledges the right or the claimant presents an excuse the court accepts.

Company Formation

A sound partnership starts with a sound founding contract. We choose the most suitable legal form with the founders, and draft the articles and the partners' agreement so that the partnership is protected before a dispute, not after it.

LEGAL BASIS

Companies Law

Royal Decree No. (M/132) dated 1/12/1443 AH

Company forms under the law

1. **Limited Liability Company**
   One or more partners; liability limited to the share.
2. **Simplified Joint Stock Company**
   One or more shareholders; wide flexibility.
3. **Joint Stock Company**
   Tradable shares for large ventures.
4. **General Partnership**
   Joint liability in all assets.
5. **Limited Partnership**
   A general partner and a limited partner.

What we do for founders

- Choosing the most suitable legal form
- Drafting the articles or by-laws
- Partners' agreement: voting, share transfer and exit
- Commercial registration and notarisation

Contracts & Corporate Services

A business that consults its lawyer before signing pays less than it pays after a dispute. We stand with the business in its daily decisions: we read the contract before it is signed and review the letter before it is sent.

LEGAL BASIS

Civil Transactions Law

Royal Decree No. (M/191) dated 29/11/1444 AH

Our services include

1. **Drafting and reviewing commercial contracts**
   Defining obligations, remedies and the dispute-resolution route.
2. **Annual retainer**
   External counsel present in day-to-day decisions on a fixed fee.
3. **Written legal opinions**
   On the regulatory questions the business faces.
4. **Employment contracts and work regulations**
   Contracts, internal work regulations and penalties.
5. **Claims and debt recovery**
   Notices and amicable claims before litigation.
6. **Compliance and governance**
   Reviewing policies, by-laws and board procedures.

IN BRIEF

Litigation is agreed either within the retainer itself or by a separate agreement for each case, and this is set out in writing from the start.

Real Estate & Title Registration

Property is the largest asset most people own, and examining it before contracting is easier than disputing it afterwards. We handle its procedures as a certified real estate registrar and litigate its disputes.

STATUTORY CAPACITY

Certified Real Estate Registrar

Real Estate General Authority licence No. 2223003796

Our services include

1. **Transfer and title registration**
   Transferring ownership and recording property dispositions.
2. **Entry in the Real Estate Register**
   First registration and subsequent dispositions.
3. **Title deed review before purchase**
   Chain of title, mortgages and attachments.
4. **Sale and lease contracts**
   Drafting, review and enforcement.
5. **Ownership and boundary disputes**
   Overlapping deeds, boundaries and encroachment.
6. **Co-ownership, partition and pre-emption**
   Partition among partners and heirs.

IN BRIEF

In areas where title registration applies, the Real Estate Register is the reference for proving ownership and rights in rem.
